How long does jury selection take?
Jury Selection can take on average 2- 3 hours, but it may take longer depending on the type of case. Therefore, please prepare in advance and plan accordingly.

How long does the jury trial last?
Some trials are finished within a day, others may take several days. The Judge will tell the jurors during selection how long the trial is anticipated to last.

Please note: Depending on the type of case, District Court Jury Selection may be either IN-PERSON or REMOTE using Google Meets. Please pay close attention to reporting instructions.

If jury selection is remote, Jurors will be provided a Google Meet link to join the meeting. You must have a camera and internet access to appear for remote jury selection. Do not come in person unless you **cannot** appear by video.

Can I get a TEXT and/or EMAIL about what is happening with jury service for the upcoming week(s)?

YES! If you provide your cell phone number and/or email address, we will send you courtesy notifications with upcoming reporting information.
